Education

1991- 1995 Biological studies at the Faculty of Natural Sciences, University of Tirana, Diploma in **Biology**
2001-2003 **Master of Science** at the Department of Horticulture at AUT
2003 - 2007 **PhD:** *"Study of some qualities and quantities parameters in autochthon olive oil"*

Work experience

2000 to date Lecturer of Plant Physiology at the Department of Plant Production, Faculty of Agriculture and Environment, Faculty of Forestry, Department of Agrofood-Technology and Enology, Department of Horticulture and Department of Plant Protection, Lecturer of the module "Application of Phytohormones in Agriculture and Horticulture, in Msc Level, Agricultural University of Tirana

Trainings

2008, 15-30 December Professional Training in Tekirdag, Turkey
2009 13-20 May Wageningen, Netherlands, workshop "Modernization of Environmental Science Education"
2010-2011 Bilateral Project between the Republic of Albania and the Republic of Slovenia
"Studies of metallophytes for the use in phytoremediation in polluted area of Vlora bay, Albania"
AKTI 2010-2014 Project "Evaluation of the potential of bio methane production from animal waste."

2012, September International Biogas Operators Course, Hohenheim, Germany

Languages: **French**, fluently written and spoken. **Certificate and Diploma Alliance Francaise**
English, very well written and spoken. **Diploma of Foreign Language Faculty,**
IELTS Diploma
Italian, very well written and spoken, **Diploma of Foreign Language Faculty**

Computer abilities: Microsoft Office, MS – Dos, Word, Excel, and Internet
