Working activity:

1979 – 1980 Mecanic on Koman Hidro-power (Stazh after general middle school)

1984 - 1989 Agriculture engineering on Crop Production Branch of High Type Cooperative “Bregu i Matës“ Lezhë

1989 – 1993 Scientific Researcher on Graminace Forage Crops of Forage Crop Institute of Fushë Krujë

1993 – 1996 Expert on Research and Development Program and Project Implementation Directory on Albanian Committee of Science and Technology

1996 – 2002 Director of Crop Production Directory on Ministry of Agriculture and Food

2002 – 2006 Data base management of “Bomben” Company Toronto Canada

2006 – 2013 Director of Agriculture Technology Transfer Cener of Fushë Krujë

2008 – 2013 Colled lecturer on Agriculture and Environment Faculty of Agriculture University of Tirana

20013 – up today Lecturer on Agro-Environment and Ecology Department of Agriculture and Environment Faculty of Agriculture University of Tirana

Studies, projects and Board membership

Director of national study of Ministry of Agriculture, Food and Consumer Protection: “Rinovation, transferring and demonstration cultivation technology for forage, beans and some other legumes” 2007 – 2009

Member of national study of Ministry of Agriculture, Food and Consumer Protection: “Recognition and evaluation of indicators of fertility and degradation of agricultural land in the coastal zone for their planning and management rational (Fier-Shegan Commune in the district of Lushnja) 2007 – 2009

Member of national study of Ministry of Agriculture, Food and Consumer Protection: “Assessment of the main agriculture reservoirs in the country, highlight their alluvium filling level and their measures to increase their effectiveness “ 2007 - 2009

Head of the study team “Evaluation of the situation of the incoming waters on the Thana reservoir of Lushnjë” 2008

Member of national study of Ministry of Agriculture, Food and Consumer Protection: “Evaluation of potential and actual risk of land erosion (acording the FAO-s criterias) and the digital map compilation with scale 1 : 250 000 for Albanian territory through the Geographic Information System application technology GIS” 2008 – 2010

Head of the study team “Irrigation modeling with pression pipes for Ceta reservoir, Kavajë” 2009

Member of Steering Commette for creation of vineyard cadastra in Albania 2009 – 2011

Director of national study of Ministry of Agriculture, Food and Consumer Protection: “Study of conteporaneus technologies of cultivation and testing of varieties and the riproduction of high generation seeds of main forage crops and dry beans” 2010 – 2012

Director of national study “On some strategic measures for the sector of meat production” 2011

Director of study “Situation and perspective of blueberry on Kukësi district” SNV, 2012

Member of study “Situation and perspective of blueberry on Shkodra district” MADA, 2012

Director of national study of Ministry of Agriculture, Food and Consumer Protection: “Situation and perspective development of medical and aromatic plants on natural and cultivated situation” 2012

Director of study “Creation a massive with olive tree cultivation for production of extra vergin bio olive oil on the area of Borshi on Saranda district” 2012

Director of national study “Halal meat production in Albania” 2012

Member of steering committee of the project of tipical products and biodiversity protection in Albania and balkan area with MADA financed by Franch government 2012 - 2013

Albanaian representative for agriculture research on the framewark of European Union project ARIMNet2 (Agriculture Research Institutions in Mediterranean Network 2) with identification number FP7-ERANET-2013-RTD. 2013
